EU declaration of incorporation of partly completed machinery

in accordance with Article 22 and Annex V, Part B of Regulation (EU) 2023/1230 · for partly completed machinery placed on the market from 20 January 2027

No (voluntary number of the declaration)

1. The partly completed machinery (product, type, model batch or serial number).

2. Name and address of the manufacturer and, where applicable, its authorised representative.

3. This declaration of incorporation is issued under the sole responsibility of the manufacturer.

4. Object of the declaration (identification of partly completed machinery allowing traceability; where necessary for the identification of the partly completed machinery, a colour image of sufficient clarity may be included).

5. A sentence declaring which essential health and safety requirements set out in Annex III of Regulation (EU) 2023/1230 of the European Parliament and of the Council are applied and fulfilled and that the relevant technical documentation was drawn-up in accordance with Annex IV, Part B, and, where appropriate, a sentence declaring the conformity of the partly completed machinery with other relevant Union harmonisation legislation.

   The following essential health and safety requirements set out in Annex III of Regulation (EU) 2023/1230 are applied and fulfilled: ... (list the points). The relevant technical documentation was drawn up in accordance with Annex IV, Part B.

6. References to the harmonised standards referred to in Article 20(1) or common specifications adopted by the Commission in accordance with Article 20(3) that were applied, including the date of the standard or of the common specification, or references to the other technical specifications, including their date, in relation to which conformity is declared. In the event of partial application of harmonised standards or common specifications, the EU declaration of incorporation shall specify the parts which were applied.

7. An undertaking to transmit, in response to a reasoned request by the national authorities, relevant information on the partly completed machinery. This shall include the method of transmission and shall be without prejudice to the intellectual property rights of the manufacturer of the partly completed machinery.

   The manufacturer undertakes to transmit, in response to a reasoned request by the national authorities, relevant information on the partly completed machinery. Method of transmission: ... (e.g. electronically by e-mail). The intellectual property rights of the manufacturer remain unaffected.

8. **A statement that the partly completed machinery shall not be put into service until the final machinery into which it is to be incorporated has been declared in conformity with this Regulation.**

The partly completed machinery shall not be put into service until the final machinery into which it is to be incorporated has been declared in conformity with Regulation (EU) 2023/1230.
